

A vertical bar chart with 30 bars of varying heights and colors (black, gray, white, and red). The bars are arranged in a sequence that suggests a binary or digital theme. The chart is positioned on the right side of the image, with a large white space to its left. The bars are of different heights, with some reaching the top of the frame and others being shorter. The colors are primarily black, gray, and white, with a single red bar standing out. The bars are arranged in a sequence that suggests a binary or digital theme, possibly representing data or a sequence of events.
